About Holy Pops

Holy Pops is San Antonio’s go-to destination for handcrafted **Mexican paletas** made with real fruit, bold flavors, and lots of love. Inspired by traditional recipes from Michoacán, Mexico, we bring a modern twist to a classic treat — fresh, flavorful, and fun.

Every paleta is made in small batches using natural ingredients, never artificial syrups. From creamy coconut and cookies & cream to tangy mango con chile, each bite is a celebration of authenticity and creativity.

At Holy Pops, we believe dessert should make you smile — and bring people together. Whether you’re visiting us in person or following our journey online, you’ll always taste our passion in every frozen creation.
